

# Why Choose Us

Because we are your "one-stop school uniform store"!

We save you time with your uniform shopping. We have inventory in stock, all year round. There is no waiting for shipments to come in the mail after you have ordered your merchandise. Nor do you have to come back to the store for pickup after placing your order.

When you shop with us, you get what you need. There are no wrong sizes or wrong items as sometimes occur when you order from an out-of-town supplier. Other sizing problems can occur when a uniform provider measures the students in the spring and by the time the order is received in the fall, the student has started to grow out of it. This can be compounded even more when its time to put on the winter clothing. By shopping at RC School Uniforms your children are able to try on clothing to ensure proper sizing and you leave that day with what you purchased. What could be simpler?

In addition, we save you time with alterations. There is no need to have this done elsewhere. And we know our schools' dress code policy, so alterations are done correctly, the first time.

When it comes to the occasional refund or exchange, there is not an easier way to transact these than dealing with a local company, like RC School Uniforms. There is no need to repackage your purchase and make a trip to the post office, and then wait for your refund or new item to be sent back. We do it all in one easy transaction.

Our easy to navigate Web site will also save you time. Whether you use it just to see what you will need before you come to the store, or to go ahead and place your order online, our Web site will make your shopping at RC School Uniforms much easier.

Besides saving you time, RC School Uniforms can save you money. Those shipping fees that others charge can take their toll on the pocketbook, and can escalate even more if returns and exchanges are involved. With RC School Uniforms shipping charges can be a thing in the past.

Many families these days are on a tight financial budget. Dealing with RC School Uniforms allows them to purchase summer clothing at one time of the year, and delay purchasing winter apparel until later, when the weather cools down. One more advantage of having inventory in stock all year around!

Besides saving time and money for the parents, we will save their sanity! Our experienced staff, coupled with our spacious and well organized showroom, will make their school uniform shopping experience a most pleasurable one.
